

IN THIS CENSUS, TRANS & NON-BINARY PEOPLE COUNT!

Trans PULSE Canada is a community-based research survey for all trans and non-binary people aged 14+ in Canada.

Living in the country, a small town, or a reserve community? Tell us about your experiences and your health as a trans, non-binary, gender diverse, or Two-Spirit person! Trans PULSE Canada will be producing results that focus on rural areas.

Trans PULSE Canada is designed as a research survey and voluntary community census. It's for everyone, and there is even a 10-minute short form if you can't complete the whole 70-minute survey. You can take it online in English or French, or in another language with an over-the-phone interpreter.
