

Social and systemic barriers for Trans and Non-binary people in Canada by Trans PULSE CANADA research team

TATIANA FERGUSON - CO-INVESTIGATOR TRANS PULSE CANADA MEGHAN SMITH - DATA ANALYST OCTOBER 26, 2020

Trans PULSE Canada National Survey 2019

Data collection (10-week period)

- Online, paper, or telephone survey, or may be completed in person on tablet or online with assistance of one of ten Peer Research Associates in major cities, or one online
- Short-form option

Eligibility:

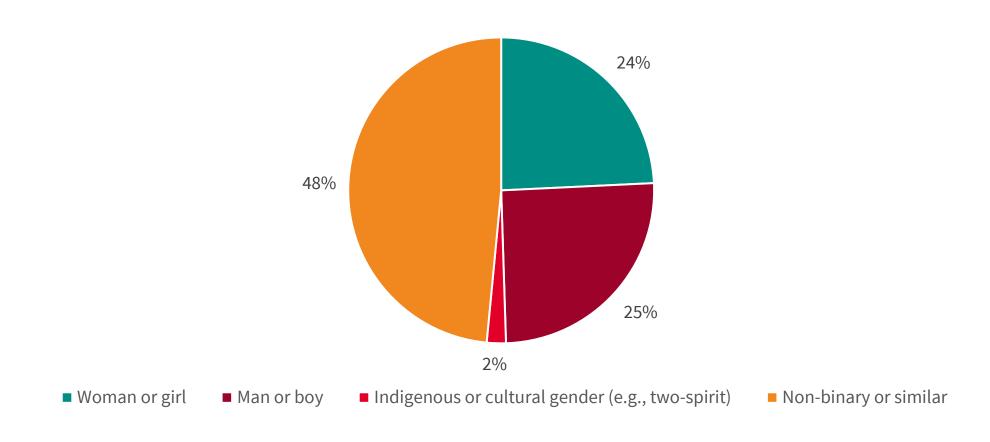

- Identify as gender other than assigned at birth
- Age 14 and older
- Resident of Canada
- Able to complete survey in English or French

N=2,873

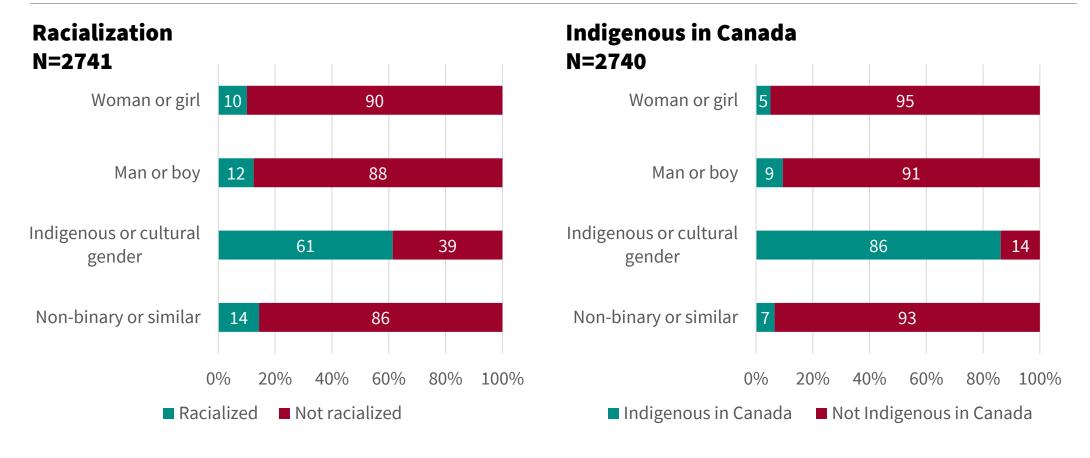

9 priority populations

 Indigenous, immigrant, sex worker, disability, youth, older adult, racialized, non-binary, rural

Gender representation N=2744

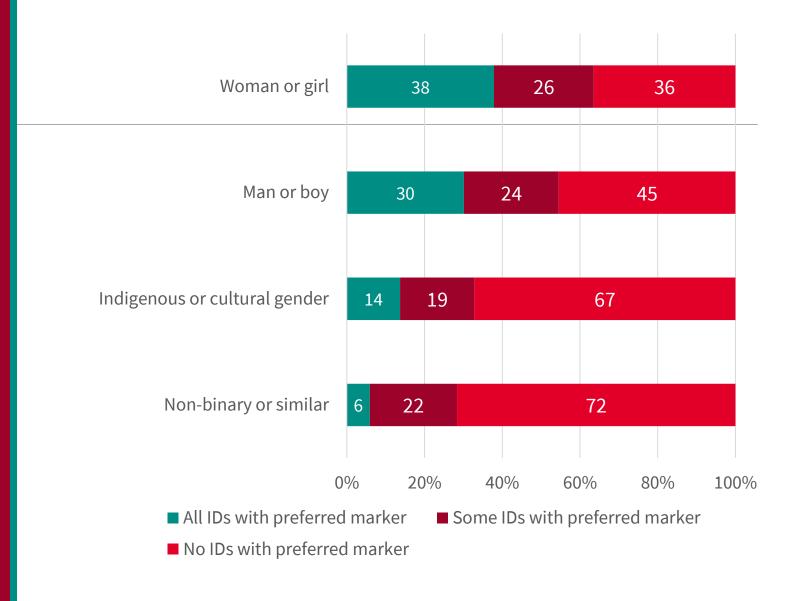

Racialization and Indigenous in Canada

Access to identity documents (IDs) with preferred gender marker

Nonbinary and Indigenous individuals was less likely to have identification with their preferred marker (72%, 67% respectively).

Trans men were also less likely than Trans women to have identification with their preferred marker (45%, 36% respectively).

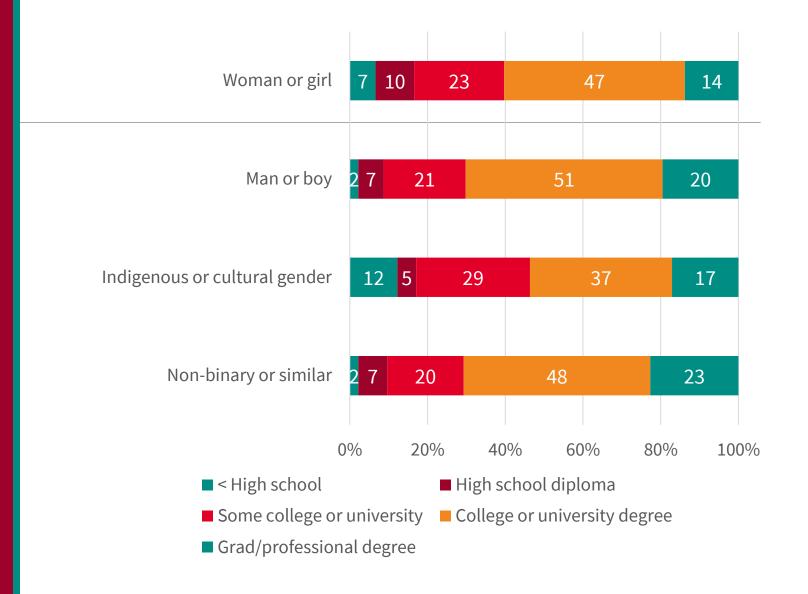

Education (age 25+)

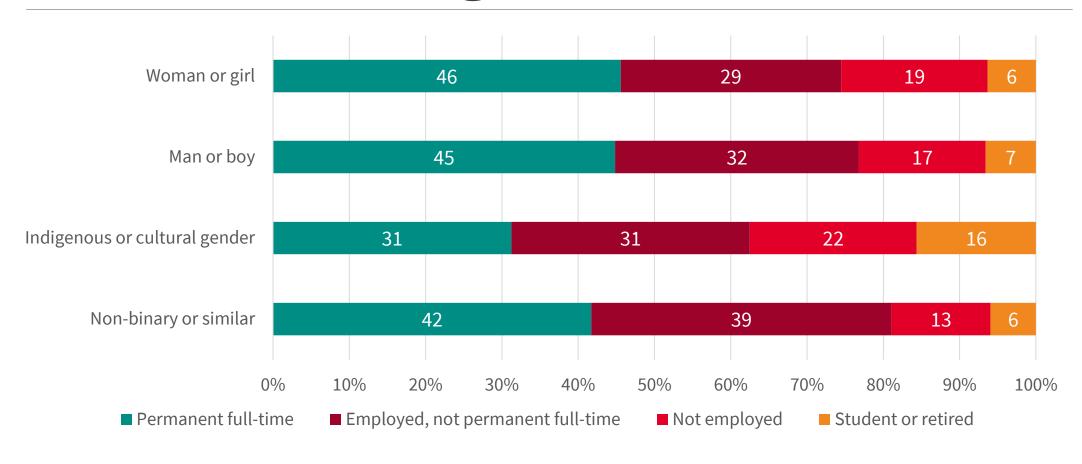

One fifth of Trans and Non-binary individuals have pursued post secondary education.

College/University degree

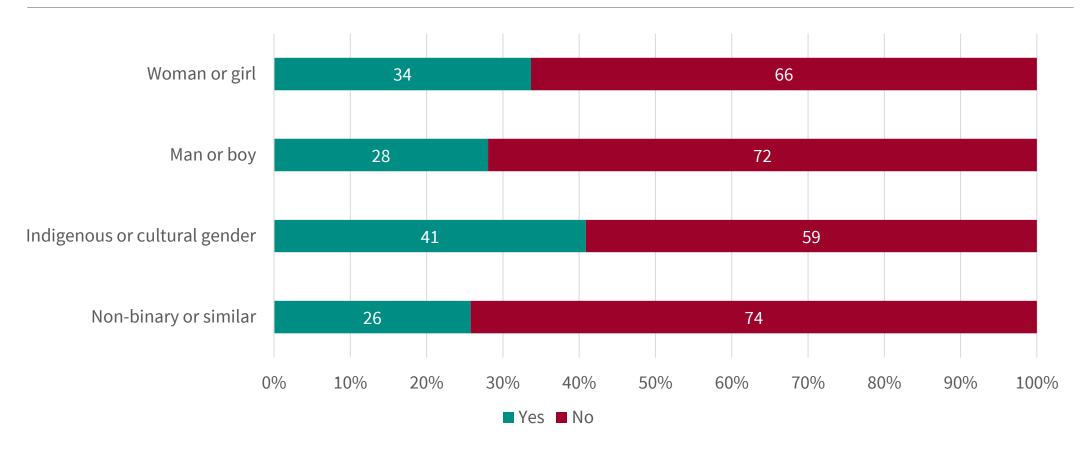

- 51% Trans men
- 48% of Non-binary individuals
- > 47% Trans woman
- > 37% of Indigenous individuals

Employment (age 25+)

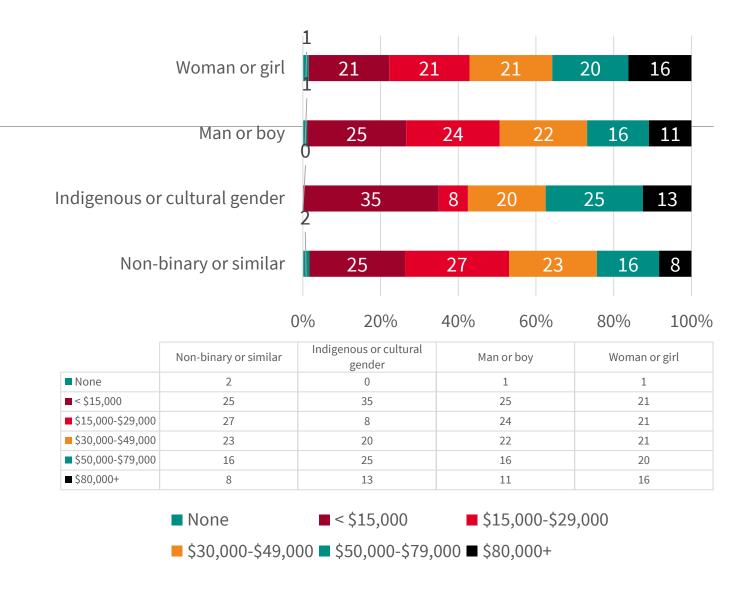

Ever been fired, dismissed, or turned down from a job you interviewed for because of who you are

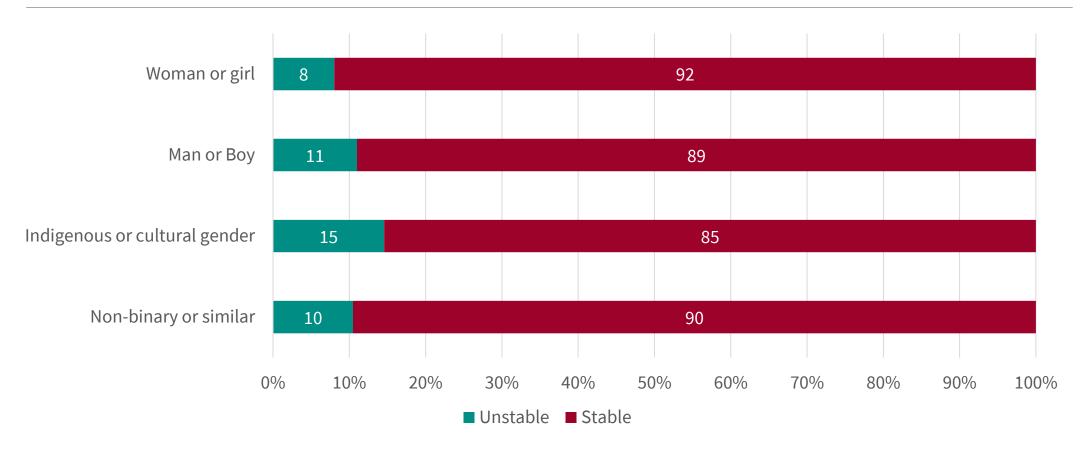

Personal Income (age 25+)

The Market Basket Measure (MBM) was developed by Human Resources and Skills Development Canada (HRSDC) to represent a standard of living that is a compromise between subsistence and social inclusion that reflects differences in living costs across the country.

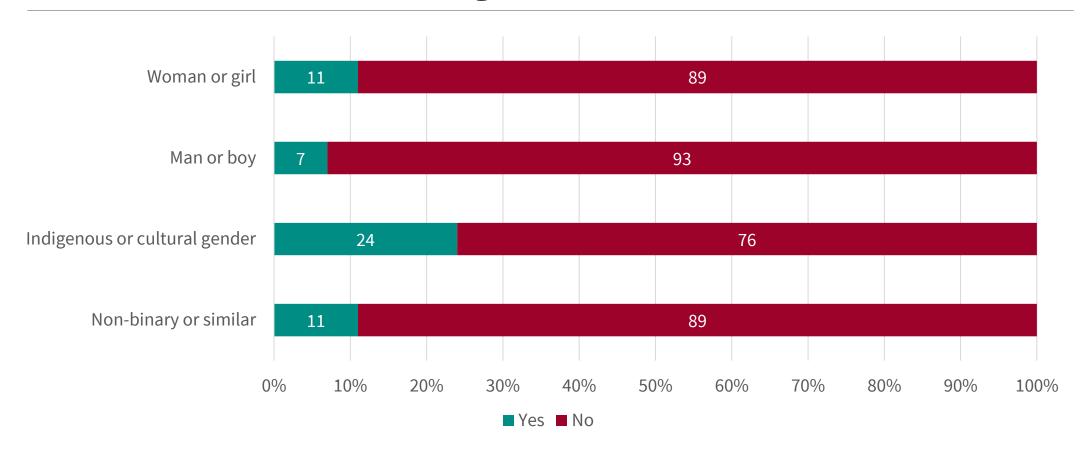

In 2010, the lowest low-income line is the Market Basket Measure, set at **\$33,177** for Toronto.

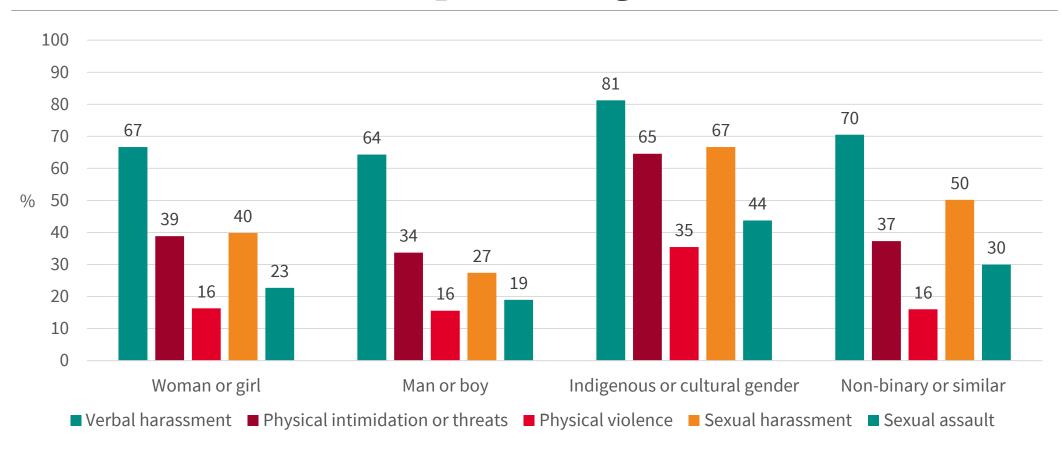

Housing

Ever been evicted or denied housing because of who you are

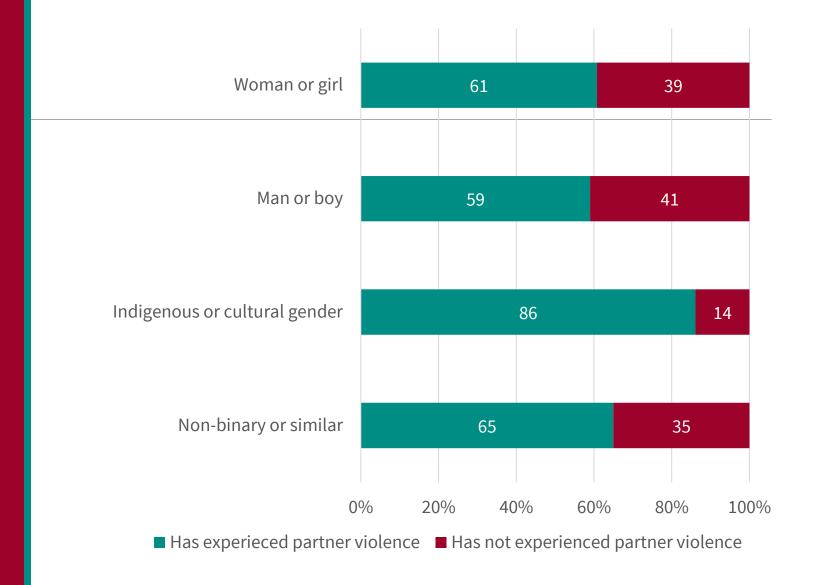

Harassment in past 5 years

Partner violence since the age of 16

Intimate partner violence (IPV) is abuse or aggression that occurs in a romantic relationship.
"Intimate partner" refers to both current and former spouses and dating partners.

Discrimination

	Woman or girl	Man or boy	Indigenous or cultural gender	Non-binary or similar
Anticipated discrimination (0 to 4.0) Median score (IQR)	2.67 (1.11)	2.44 (1.11)	3.00 (1.00)	2.44 (0.89)
Day-to-day discrimination (0 to 18) Median score (IQR)	2.00 (8.00)	7.00 (7.00)	11.00 (9.00)	8.00 (7.00)
Major discrimination (0 to 25) Median score (IQR)	4.00 (8.00)	3.00 (7.00)	8.00 (13.00)	4.00 (7.00)

IQR= Interquartile Range

IN THIS CENSUS, TRANS & NON-BINARY PEOPLE COUNT!

Trans PULSE Canada is a community-based survey of the health and well-being of trans and non-binary people in Canada.

To participate, you must be aged 14 or older, live in Canada, and have a gender identity that differs from the sex you were assigned at birth. You don't have to identify personally as transgender, trans, or non-binary, you don't have to be living day-to-day in your true gender, and you don't have to be taking hormones.

Acknowledgements – Trans PULSE Canada Contributors

The Trans PULSE Canada team includes more than 100 people who have contributed in different ways to the project. We would like to acknowledge the valuable contributions of the following people, and 36 additional anonymous individuals: Aaron Devor, Adrian Edgar, Alisa Grigorovich, Alyx MacAdams, Ander Swift, Angel Glady, Anna Martha Vaitses Fontanari, Asha Jibril, Ayden Scheim, Bretton Fosbrook, Caiden Chih, Callie Lugosi, Carol Lopez, Charlie Davis, Connie Merasty, Dominic Beaulieu-Prévost, Drew Burchell, Elie Darling, Emily Nunez, Eva Legare-Tremblay, Fae Johnstone, Fin Gareau, Françoise Susset, Frédéric S.E.
